“80% of staff
qualified by
2008.”

Need help?
Paragon offers
the solution.

Health and Social Care
Qualifications:

- Free*
- Delivered at your premises
- Cover all statutory requirements
- Fast-tracked for those with experience

Paragon Skills for Industry
0800 783 2545

The Skills for Care Workforce Development Strategy requires that your staff must be registered on a Skills for Care certified training programme and that 80% of staff need to hold a Health and Social Care NVQ Level 2 by 2008.

Paragon provides a flexible, fast and cost-effective solution.

- Free or subsidised delivery of Health and Social Care NVQs at Level 2 or 3.*
- We cover all the NVQ criteria on your premises – employees will be assessed at work at a time to suit, so there is no need for day release.
- Employees with experience can be fast tracked to complete the NVQ Level 2 in six months or the NVQ Level 3 in nine months.
- We offer all the training you will need to meet national occupational standards, including induction and foundation training.
- Further ongoing training is available to meet your needs – from the basics to senior management, plus specialist courses such as Makaton.

*NVQ Level 2/3 may be free if the candidate doesn't already hold a Level 2 qualification.

Paragon specialises in developing people's skills at work. Our care programmes are designed to meet your needs and our staff have a wealth of experience in the care sector.

Our future.
It's in our hands.
